As a motivated B-Tech student, I have a strong foundation in Web Development, with expertise in front-end development. My practical experience comes from internships & academic projects. I am a tech enthusiast with problem-solving skills. Eager to contribute my technical skills to a team, I am committed to continuous learning and growth. Seeking opportunities to leverage my academic background in web designing and development. As a self-motivated learner, I am ready to launch a career in building web applications and services.
